VLT® Decentral Drive FCD 302

2.2 kW / 3.0 HP, 380-480VAC (Three phased), Standard White IP66/NEMA4X, RFI Class A1/C2, No brake, Compl. small stand alone, No brackets, Metric threads, Service switch motor side, With display connector

**Model code:** FCD302P2K2T4W66H1X1XMFCXXXXXANBXXXXDX

The VLT® Decentral Drive FCD 302 is a complete drive designed for decentral mounting. It can be mounted on the machine/wall - close to the motor - or directly on the motor. The decentral design reduces the need for central control panels and space-consuming motor control cabinets are eliminated. In addition, the need for long screened motor cables is significantly reduced.
