

CP39xx | Multi-touch Control Panel

The multi-touch Control Panels are conceived both for control cabinet installation and for the mounting arm installation. The CP39xx Control Panels for mounting arm installation feature all-round IP 65 protection. The panels CP39xx-0000 with DVI/USB Extended interface can be operated up to 50 m away from the Industrial PC. With CP-Link 4 – The One Cable Display Link – and CP39xx-0010 Control Panels the distance between Industrial PC and operating panel can be increased to 100 m.

Beckhoff offers the following display sizes:

Wide screen (16:9)

- 7-inch, resolution of 800 x 480
- 11.6-inch, resolution 1366 x 768
- 15.6-inch, resolution 1366 x 768
- 18.5-inch, resolution 1366 x 768
- 21.5-inch, full HD resolution of 1920 x 1080
- 24-inch, full HD resolution of 1920 x 1080

Further display sizes

- 12-inch, resolution of 800 x 600 (4:3)
- 15-inch, resolution 1024 x 768 (4:3)
- 19-inch, resolution 1280 x 1024 (5:4)

With the option C9900-M575 all of the displays are also available in portrait format.

Customer-specific adaptations for a push-button extension individualise the multi-touch Control Panel series.
