

TwinCAT 3 Motion

TF5260 | TC3 CNC Spline Interpolation

TwinCAT CNC Spline Interpolation is an optional package for the TwinCAT CNC for path programming via splines with programmable spline type, Akima-spline, B-spline.

Technical data	TF5260
Required	TC1270
Target system	Windows XP, Windows 7/8/10

Ordering information	
TF5260-0050	TC3 CNC Spline Interpolation, platform 50 (Performance Plus)
TF5260-0060	TC3 CNC Spline Interpolation, platform 60 (Mid Performance)
TF5260-0070	TC3 CNC Spline Interpolation, platform 70 (High Performance)
TF5260-0080	TC3 CNC Spline Interpolation, platform 80 (Very High Performance)
TF5260-0081	TC3 CNC Spline Interpolation, platform 81 (Many-core 5...8 cores)
TF5260-0082	TC3 CNC Spline Interpolation, platform 82 (Many-core 9...16 cores)
TF5260-0083	TC3 CNC Spline Interpolation, platform 83 (Many-core 17...32 cores)
TF5260-0084	TC3 CNC Spline Interpolation, platform 84 (Many-core 33...64 cores)
TF5260-0090	TC3 CNC Spline Interpolation, platform 90 (Other)
TF5260-0091	TC3 CNC Spline Interpolation, platform 91 (Other 5...8 cores)
TF5260-0092	TC3 CNC Spline Interpolation, platform 92 (Other 9...16 cores)
TF5260-0093	TC3 CNC Spline Interpolation, platform 93 (Other 17...32 cores)
TF5260-0094	TC3 CNC Spline Interpolation, platform 94 (Other 33...64 cores)
