

TwinCAT 3 Motion

TF5260 | TC3 CNC Spline Interpolation

TwinCAT CNC Spline Interpolation ist ein optionales Paket für die TwinCAT CNC für Bahnprogrammierung über Splines mit programmierbarem Spline-Typ, Akima-Spline, B-Spline.

Technische Daten	TF5260
Benötigt	TC1270
Zielsystem	Windows XP, Windows 7/8/10

Bestellangaben	
TF5260-0050	TC3 CNC Spline Interpolation, Plattform 50 (Performance Plus)
TF5260-0060	TC3 CNC Spline Interpolation, Plattform 60 (Mid Performance)
TF5260-0070	TC3 CNC Spline Interpolation, Plattform 70 (High Performance)
TF5260-0080	TC3 CNC Spline Interpolation, Plattform 80 (Very High Performance)
TF5260-0081	TC3 CNC Spline Interpolation, Plattform 81 (Many-core 5...8 Cores)
TF5260-0082	TC3 CNC Spline Interpolation, Plattform 82 (Many-core 9...16 Cores)
TF5260-0083	TC3 CNC Spline Interpolation, Plattform 83 (Many-core 17...32 Cores)
TF5260-0084	TC3 CNC Spline Interpolation, Plattform 84 (Many-core 33...64 Cores)
TF5260-0090	TC3 CNC Spline Interpolation, Plattform 90 (Other)
TF5260-0091	TC3 CNC Spline Interpolation, Plattform 91 (Other 5...8 Cores)
TF5260-0092	TC3 CNC Spline Interpolation, Plattform 92 (Other 9...16 Cores)
TF5260-0093	TC3 CNC Spline Interpolation, Plattform 93 (Other 17...32 Cores)
TF5260-0094	TC3 CNC Spline Interpolation, Plattform 94 (Other 33...64 Cores)
