

Model number

VAZ-LED-40MM-CLD-WH

Stack light LED permanent light element, white

Features

- Modular design
- Flexible combination of signal elements
- Bayonet system for simple mounting and dismounting
- Long lifetime

Function

The LED permanent light element converts electrical signals to optical signals. It has been designed and tested according to EN 60947-5-1.

The light element is available in various colours and the bayonet type connector allows easy installation on the corresponding terminal. The modular design permits user-defined combinations and reduces operation costs and storage costs.

The illuminant based on LED technology is integrated in the spherical cap and features an excellent illumination, good resistance against shock and vibration as well as a long service life.

Matching system components

VAZ-CLAMP-40MM-IO

Signal tower connection element IO-Link with cover

VAZ-CLAMP-40MM

Stack light terminal base with cover plate

Dimensions

Technical data

General specifications

Light type	LED
UL File Number	E223176
Color	white

Electrical specifications

Rated operating voltage	U_e	24 V AC/DC
Protection class	II	
Current consumption	35 mA	
Inrush current	500 mA	

Ambient conditions

Ambient temperature	-30 ... 60 °C (-22 ... 140 °F)
---------------------	--------------------------------

Mechanical specifications

Degree of protection	IP66
Connection	Bayonet system
Material	PC
Mass	28 g
Life span	max. 50,000 h
