Individual cable lengths are often required nowadays. In order to meet these demands, Weidmüller offers a wide range of plug-in connectors for custom assembly. Male plugs and female sockets for customisable assembly for M8, M12, M16 and 7/8" connections which are highly robust and ideally suited to machine engineering, for instance. The 7/8" round plug-in connectors can transmit large amount of power. The screw connection can be used in a wide range of applications. With this technology the conductor, optionally with wire-end ferrules, can be plugged into connection elements and secured with a screw. It is the classic, cheapest form of connection technology that also supports multi-conductor connections.

**General ordering data**

Version	Plugs prefabricated to customer spec., 7/8", pin, 90&deg;
Order No.	<a href="#">1291990000</a>
Type	SAISW-5/11-7/8
GTIN (EAN)	4050118086898
Qty.	1 pc(s).

Creation date March 23, 2021 2:44:09 PM CET

Catalogue status 12.03.2021 / We reserve the right to make technical changes.
