The ConCept-CSB module is a double module and takes up two slots in the ConCept module frame. The ConCept-CSB module consists of a module carrier that is capable of holding two contact carriers. The contact carrier is manufactured with a die-cast zinc alloy which provides it with excellent shielding capabilities. The crimp contacts are insulated from the contact carrier and mounted in a plastic insert. A variety of pole counts – 1, 4 and 8 poles – are available to ensure compatibility with a wide range of applications.

General ordering data

Version	Heavy-duty connectors, HDC insert, ConCept module
Order No.	1983820000
Type	HDC CM BUS SV GCA F
GTIN (EAN)	403224868895 1
Qty.	1 pc(s).

Creation date March 26, 2021 7:16:06 PM CET

Catalogue status 12.03.2021 / We reserve the right to make technical changes.
